COSA SIGNIFICA ESSERE B CORP?

Ci siamo misurati con i **più alti standard di performance sociale e ambientale** e dopo un lungo e rigoroso processo di verifica **siamo diventati B Corp.**

Le aziende che riescono a ottenere questa certificazione sono le più evolute al mondo in termini di impatto positivo sia sociale che ambientale.

Costituiscono un movimento globale di 'Purpose Driven Businesses' che ha l'obiettivo di diffondere un nuovo **paradigma economico,** che vede le imprese come protagoniste nel **rigenerare la società.**

WHAT DOES IT MEAN TO BE B CORP?

*We vied with the **highest social and environmental performance standards,** and after a long and scrupulous verification process, **we became B Corp.***

Companies that succeed in obtaining this certification are the most evolved in the world in terms of their positive social and environmental impact.

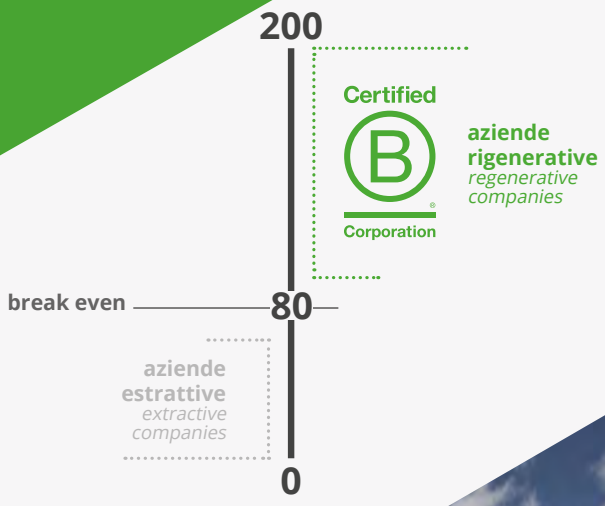
*They constitute a global movement of 'Purpose Driven Businesses' whose aim is to diffuse a **new economic paradigm**, whereby companies are the drivers of **social regeneration.***

BUSINESS RIGENERATIVO

È in corso un **cambiamento culturale** epocale di cui siamo orgogliosi di essere parte.
Uno dei principi fondamentali di tutte le B Corp è quello di adottare un business rigenerativo che si contrappone a quello estrattivo.

Rigenerare significa non solo diminuire l'impatto sulla natura e sull'ambiente che ci circonda, ma addirittura produrre effetti positivi, creando valore condiviso nella società e rigenerando la biosfera.

Diventano B Corp solo quelle aziende che misurano il loro impatto complessivo attraverso il Benefit Impact Assessment (BIA) superando il punteggio di 80 (in una scala da 0 a 200) ed entrando così in una élite di imprese **rigenerative.**
Chi non supera questa soglia viene considerata **azienda estrattiva** ovvero per funzionare consuma risorse economiche, sociali e ambientali superiori di quanto sia in grado di generare come output.



Sede principale Florim (Fiorano Modenese - MO)

REGENERATIVE BUSINESS

*An historical **cultural shift** is under way, of which we are proud to be a part.
One of the underlying principles of all B Corps is the adoption of a regenerative business model as opposed to an extractive one.*

*Regenerating means not only reducing the impact of business on our surrounding nature and environment, but also producing **positive effects, creating shared value in society and regenerating the biosphere.***

*Only those companies that measure their overall impact through the Benefit Impact Assessment (BIA) exceeding the score of 80 points can be certified as B Corp, joining an elite of **regenerative** companies. Anyone who does not exceed this threshold is considered an **extractive company** or, in order to function, they consume higher economic, social and environmental resources than they are able to generate as output.*

IL PUNTEGGIO DI FLORIM

Il punteggio conseguito da Florim Italia è di 98,1 punti e il consolidato, che comprende la consociata americana, è di 90,9 punti. Così Florim rientra tra le migliori B Corp al mondo.

Solo il 3% riesce a superare l'iter di verifica imposto da **B Lab**, ente certificatore di origine americana che oggi opera a livello globale.

NATURE MOOD

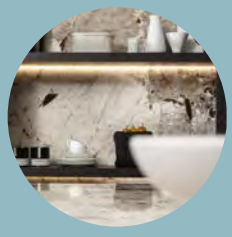
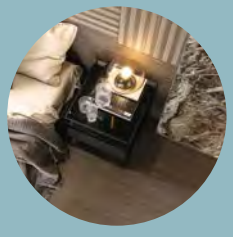
NATURE MOOD





Natura come primo valore assoluto, non come risorsa da dominare e sfruttare. Natura come casa, come nido accogliente, come perfetta sintesi di ciò che ci fa stare bene. Con la collezione **Nature mood** l'ambiente naturale "invade" gli spazi costruiti dall'uomo, entra nelle nostre case divenendo parte del modo di sentire e di vivere gli ambienti per influenzare positivamente il nostro umore. Pavimenti e rivestimenti di pareti e arredi diventano uno sfondo emozionale che si intreccia in un armonioso dialogo di sfumaturee venature, consentendoci di ritrovare quell'equilibrio psico-fisico dal quale la crescente urbanizzazione e la tecnologia ci fanno spesso allontanare. In linea con le più recenti tendenze dell'housing evolution Nature mood concepisce la Natura non solo come modello, ma come vero e proprio mentore e misura del progetto umano, dalla quale apprendere e con la quale dare vita a un design sempre più sostenibile.

NATURE MOOD

Nature seen not as a resource to be dominated and exploited, but as the first absolute value. Nature as a home, as a cosy nest, as the perfect synthesis of what makes us feel good. With the **Nature Mood** collection, the natural environment "invades" man-made spaces, enters our homes and becomes part of the way we sense and experience our surroundings, influencing our mood in a positive way. Floors, wall coverings and furniture become an emotional backdrop interwoven in a harmonious dialogue of nuances and veining, making it possible for us to rediscover that psycho-physical balance from which increasing urbanization and technology often distance us.In line with the latest trends in housing evolution, Nature Mood conceives of Nature not only as a model, but also as a true mentor and gauge of human endeavor, something from which to acquire knowledge and with which to give life to increasingly environmentally friendly designs.

Redémarrer, donner vie à un nouveau parcours, prendre un nouveau départ. Recommencer par la Nature. La Nature comme première valeur absolue, non pas comme une ressource à dominer et à exploiter. La Nature comme une maison, un nid accueillant, la synthèse parfaite de ce qui nous fait nous sentir bien. Avec la collection **Nature mood**, l'environnement naturel « envahit » les espaces construits par l'homme, entre dans nos maisons et s'intègre dans notre manière de ressentir et de vivre les espaces pour influencer de façon positive notre humeur. Les revêtements de sol, les revêtements muraux et les meubles deviennent une toile de fond émotionnelle qui s'entremêle dans un dialogue harmonieux de nuances et de veines, nous permettant de retrouver l'équilibre psychophysique qui se dissipe souvent en raison de l'urbanisation croissante et de la technologie. En ligne avec les tendances les plus récentes de l'housing evolution, Nature mood conçoit la Nature non seulement comme un modèle mais comme un véritable mentor et une dimension du projet humain, source de connaissances et grâce à laquelle donner vie à un design de plus en plus durable.

Neu starten, einen neuen Weg einschlagen, einen Neuanfang. Von der Natur ausgehend neu beginnen. Natur als erster absoluter Wert, nicht als zu beherrschende und auszubeutende Ressource. Die Natur als Zuhause, als einladendes Nest, als perfekte Synthese dessen, was uns gut tut. Mit der Kollektion **Nature Mood** „dringt" die natürliche Umgebung in die von Menschenhand geschaffenen Räume „ein", kommt in unsere Wohnungen und wird Teil der Art und Weise, wie wir unsere Umgebung fühlen und erleben, um unsere Stimmung positiv zu beeinflussen. Böden, Wandverkleidungen und Einrichtungsgegenstände werden zu einem emotionalen, in einem harmonischen Dialog zwischen Farbtönen und Adern verwobenen Hintergrund und ermöglichen es uns, jenes psycho-physische Gleichgewicht wiederzufinden, von dem uns die zunehmende Urbanisierung und die Technologie oft entfernen. Im Einklang mit den neuesten Trends in der Evolution des Wohnens versteht Nature Mood die Natur nicht nur als Vorbild, sondern als echten Mentor und Maßstab für die menschliche Gestaltung, von der wir lernen und mit der wir ein immer nachhaltigeres Design ins Leben rufen können.

Volver a empezar, comenzar un nuevo curso, un nuevo inicio. Volver a empezar desde la Naturaleza. Naturaleza como primer valor absoluto, no como recurso para dominar y explotar. Naturaleza como hogar, como nido acogedor, como perfecta síntesis de lo que nos hace sentir bien. Con la colección **Nature mood**, el ambiente natural "invade" los espacios construidos por las personas, entra en nuestras casas, convirtiéndose en parte de la manera de sentir y de vivir los ambientes para influir positivamente en nuestras emociones. Los pavimentos y los revestimientos de paredes y decoraciones se convierten en un fondo emocional que se entrelaza en un armonioso diálogo de matices y vetas, permitiéndonos encontrar ese equilibrio psicofísico del que a menudo nos alejan la creciente urbanización y la tecnología. En línea con las últimas tendencias de la evolución de la vivienda, Nature mood concibe la Naturaleza no solo como modelo, sino como verdadero mentor y medida del proyecto humano, para comprender y dar vida a un diseño cada vez más sostenible.

Nelle operazioni di posa a listoni sfalsati, si raccomanda sempre di fare in modo cheil lato maggiore della piastrella termini a circa un terzo della lunghezza di quelle accanto (posa sfalsata "a 1/3"). - When installing staggered strips, we recommend that the tile's longer side should always end at about one-third of the length of the tiles next to it ("1/3" staggered installation) - Lors de la pose des listels décalés, il faut toujours faire en sorte que le côté le plus grand du carreau se trouve à environ 1/3 de la longueur des carreaux d'à côté (pose décalée "à 1/3"). - Beim Verlegen der Leisten in versetzter Form ist zu beachten, dass die höhere Seite der Fliese immer circa bei einem Drittels der Länge der sich daneben befindlichen Fliesen abschließt ("Um 1/3" versetzte Verlegung) - En las operaciones de colocación de listones escalonados, se recomienda hacerlo siempre de forma tal que el lado mayor del azulejo termine teniendo alrededor de un tercio de la longitud de los contiguos (colocación escalonada "a 1/3").
