**FIORIM**

"Guardiamo al business come una forza positiva in grado di generare profitto e allo stesso tempo creare un impatto virtuoso sulle persone e sull'ambiente. Da sempre.

Le nostre scelte, giorno dopo giorno, ci hanno portato a migliorare il nostro modo di fare impresa."

*"We conceive the business as a positive force able to generate profits and at the same time create a virtuous impact on people and the environment. Since forever.*

*Our choices, day after day, have led us to improve our way of doing business."*

Ci siamo misurati con **alti standard di performance sociale e ambientale** e dopo un lungo e rigoroso processo di verifica **siamo diventati B Corp.**

We viedi with **high social and environmental performance standards**, and after a long and scrupulous verification process, we became a B Corp certified company.

Le B Corp costituiscono un movimento globale di 'Purpose Driven Businesses' che ha l'obiettivo di diffondere un **nuovo paradigma economico**, che vede le imprese come protagoniste nella diffusione di modelli di business per un'economia più equa e inclusiva.

B Corps constitute a global movement of 'Purpose Driven Businesses' with the goal of spreading a **new economic paradigm**, where companies play a leading role in promoting business models for a fairer and more inclusive economy.

Siamo orgogliosi di far parte di un **cambiamento culturale epocale** e rientrare tra il 3% delle imprese che sono riuscite a raggiungere la certificazione.

We are proud to be part of an **epochal cultural change** and to belong to the 3% of companies that have successfully achieved certification.

Il nostro risultato non è altro che la conseguenza di molteplici attività compiute negli anni passati: dal 2008 redigiamo il **Bilancio di Sostenibilità** e il 19 marzo 2020 siamo diventati **Società Benefit**, formalizzando il nostro impegno a migliorare l'impatto positivo sulla società e sull'ambiente.

Our result is nothing more than the consequence of multiple activities carried out in past years: since 2008, we have prepared the **Sustainability Report**, and on March 19, 2020, we became a **Benefit Corporation**, formalizing our commitment to improving our positive impact on society and the environment.

Sono le superfici Carbon Neutral di Florim che **compensano tutta la CO<sub>2</sub>** emessa durante il loro ciclo di vita.

*Florim's Carbon Neutral surfaces offset all the CO<sub>2</sub> emitted during their lifecycle.*

**Misuriamo** l'impatto ambientale delle nostre superfici, dalle materie prime allo smaltimento.

**We measure** the environmental impact of our surfaces, from raw materials to disposal.

**Riduciamo** l'uso di risorse naturali e abbattiamo le nostre emissioni grazie a un processo produttivo più sostenibile: fino al 100% in termini di acqua, energia elettrica e recupero degli scarti crudi.

**We reduce** the use of natural resources and lower our emissions through a manufacturing process that is more sustainable: up to 100% in terms of water, electricity, and raw waste recovery.

**Compensiamo** tutta la CO<sub>2</sub> emessa durante il ciclo di vita, creando collezioni Carbon Neutral.

**We offset** all the CO<sub>2</sub> emitted during the lifecycle creating Carbon Neutral collections.

# Architectural design

Materiale tecnico seguendo le tendenze dell'architettura, per applicazioni quali pavimentazioni industriali e realizzazioni pubbliche a medio e ad alto traffico, come aeroporti, centri commerciali, ristoranti, uffici, negozi, ma anche applicazioni residenziali con un mirato contenuto estetico.

Technical material in line with architectural trends, for applications such as industrial flooring and public buildings with medium to high footfall, such as airports, shopping centres, restaurants, offices, shops, as well as residential applications featuring a targeted aesthetic content.

Matériaux techniques suivant les tendances de l'architecture, pour des applications en tant que sols industriels et des réalisations publiques à trafic moyen et intense, comme les aéroports, les centres commerciaux, les restaurants, les bureaux, les magasins, mais aussi pour des applications résidentielles au contenu esthétique ciblé.

Technisches Material im Einklang mit den architektonischen Trends für Anwendungen wie Industrieböden und mittelhoch bis stark frequentierte öffentliche Bereiche wie Flughäfen, Einkaufszentren, Restaurants, Büros und Läden, aber auch für Wohngebäude mit wertiger Optik.

Material técnico que sigue las tendencias de la arquitectura, creado para pavimentos industriales y ambientes públicos de mediano y alto tránsito —como aeropuertos, centros comerciales, restaurantes, oficinas y tiendas—, pero también para aplicaciones residenciales con un refinado contenido estético.

# BIOTECH

Architectural design

# BIOTECH

**Biotech** è la collezione di Florim che incontra i principi della Bioarchitettura. Destinata ai progetti architettonici, propone una selezione di pietre industriali in grande formato realizzate attraverso tecnologie innovative che permettono di spingersi oltre la consueta efficienza produttiva che Florim assicura nelle sue Fabbriche 4.0, con alti standard qualitativi in termini di performance tecniche ed estetiche. Un corpo tutta massa e superfici materiche che richiamano le pietre di ispirazione costituiscono il tratto distintivo di Biotech, realizzata utilizzando materie prime certificate e nuovi impianti capaci di decorare riducendo il consumo d'acqua, di energia e di emissioni nell'aria.

# Biotech

The **Biotech** collection by Florim embraces the principles of sustainable architecture. Devised for architecture projects, it contains a selection of industrial stones with large formats. They have been produced using innovative technologies that take things to an even higher level than the customary production efficiency found in Florim's Industry 4.0 factories, with high standards of technical and aesthetic performance. Biotech's distinguishing features are full bodies and surfaces whose material properties call to mind the stones that inspired them. The products are made using certified raw materials and new decorative systems with lower water consumption, energy consumption and emissions.

**Biotech** est la collection de Florim qui épouse les principes de la bio-architecture. Destinée aux projets architecturaux, elle propose une sélection de pierres industrielles grand format réalisées grâce à des technologies innovantes qui permettent de dépasser l'efficacité de production que Florim garantit habituellement dans ses Usines 4.0, avec des normes de qualité élevées en termes de performances techniques et esthétiques. Corps pleine masse et surfaces matérielles rappelant les pierres d'inspiration : telles sont les caractéristiques de Biotech, réalisée à partir de matières premières certifiées et avec de nouveaux équipements capables de réaliser des décors en réduisant la consommation d'eau, d'énergie et les émissions atmosphériques.

**Biotech** ist die Kollektion von Florim, die sich an den Prinzipien der Bio-Architektur orientiert. Sie ist für architektonische Projekte bestimmt und bietet eine Auswahl an großformatigem Kunststein, der mit innovativen Technologien hergestellt wird. Dadurch ist es möglich, über die übliche Produktionseffizienz hinauszugehen, die Florim in seinen 4.0 Produktionsstätten mit hohen Qualitätsstandards in Bezug auf technische und ästhetische Leistungen gewährleistet. Ein massiver Korpus und strukturierte, an Naturstein erinnernde Oberflächen sind das Markenzeichen von Biotech, das aus zertifizierten Rohstoffen und unter Verwendung hochmoderner Anlagen hergestellt wird. Diese ermöglichen hochwertige Einrichtungslösungen unter Reduzierung des Wasser- und Energieverbrauchs sowie der Luftemissionen.

**Biotech** es la colección de Florim inspirada en los principios de la bioarquitectura. Destinada a proyectos arquitectónicos, ofrece una selección de piedras industriales de gran formato realizadas con tecnologías innovadoras que permiten ir más allá de la habitual eficiencia productiva que Florim garantiza en sus Fábricas 4.0, con altos estándares de calidad en cuanto a prestaciones técnicas y estéticas. Un cuerpo todo masa y superficies materiales que recuerdan las piedras de inspiración son el rasgo distintivo de Biotech, creada con materias primas certificadas y nuevos sistemas de decoración que reducen al mismo tiempo el consumo de agua, energía y emisiones contaminantes.

Le lastre ceramiche sono sottoposte a un trattamento di compattazione termica che assicura resistenza e durata nel tempo. Il bassissimo assorbimento d'acqua rende perciò il materiale ingelivo. Ciò può comportare ristagni d'acqua superficiali anche per materiale installato a regola d'arte. / Ceramic tiles undergo a compacting thermal treatment that ensures resistance and durability. The low level of water absorption makes the slabs frost resistant. This could result in superficial water stagnations even if materials are installed in a workmanlike manner. / Les carreaux de céramique subissent un traitement thermique de compaction qui assure résistance et durabilité. Le bas niveau d'absorption d'eau rend les dalles résistant au gel. Il pourrait en résulter des stagnations d'eau superficielles, même si les dalles ont été installées dans les règles de l'art. / Die Keramikplatten werden einer thermischen Verdichtung unterzogen, welche die Widerstandsfähigkeit und Langzeitigkeit sichert. Die extrem niedrige Wasseraufnahme macht das Material frostsicher. Die hohe Materialdichte kann, auch bei einer perfekten Verlegung, eine längere Abtrocknungszeit von angestautem Wasser zur Folge haben. / Las baldosas cerámicas se someten a un tratamiento de compactación térmica que asegura resistencia y durabilidad. La baja absorción de agua hace que las baldosas resistan al hielo. Esto podría resultar en estancamientos superficiales de agua, incluso si los materiales están instalados según las reglas del arte.
