# È CERTIFICATA B CORP

## FLORIM IS B CORP CERTIFIED

**Guardiamo al business come una forza positiva in grado di generare profitto e allo stesso tempo creare un impatto virtuoso sulle persone e sull'ambiente. Da sempre.**

**Le nostre scelte, giorno dopo giorno, ci hanno portato a migliorare il nostro modo di fare impresa.**

**We conceive the business as a positive force able to generate profits and at the same time create a virtuous impact on people and the environment. Since forever.**

**Our choices, day after day, have led us to improve our way of doing business.**

### COSA SIGNIFICA ESSERE B CORP?

Ci siamo misurati con i più alti standard di **performance sociale e ambientale** e dopo un lungo e rigoroso processo di verifica siamo diventati **B Corp.**

Le aziende che riescono a ottenere questa certificazione sono le più evolute al mondo in termini di impatto positivo sia sociale che ambientale.

Costituiscono un movimento globale di 'Purpose Driven Businesses' che ha l'obiettivo di diffondere un nuovo **paradigma economico**, che vede le imprese come protagoniste nel **rigenerare la società**.

Guarda il video "Essere sostenibili è una scelta quotidiana" con i volti di alcune delle "persone Florim" che ogni giorno contribuiscono a rendere l'azienda sempre più responsabile.

Watch the video "Being sustainable is a daily choice" with the faces of some of the "Florim people" who contribute to making the company even more responsible, every day.

### WHAT DOES IT MEAN TO BE B CORP?

We vied with the **highest social and environmental performance standards**, and after a long and scrupulous verification process, we became **B Corp.**

Companies that succeed in obtaining this certification are the most evolved in the world in terms of their positive social and environmental impact.

They constitute a global movement of 'Purpose Driven Businesses' whose aim is to diffuse a **new economic paradigm**, whereby companies are the drivers of **social regeneration**.

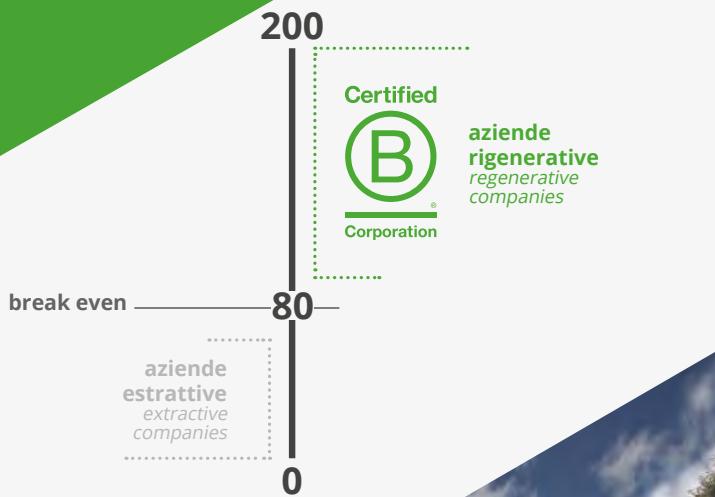

## BUSINESS RIGENERATIVO

È in corso un **cambiamento culturale** epocale di cui siamo orgogliosi di essere parte. Uno dei principi fondamentali di tutte le B Corp è quello di adottare un business rigenerativo che si contrappone a quello estrattivo.

Rigenerare significa non solo diminuire l'impatto sulla natura e sull'ambiente che ci circonda, ma addirittura produrre effetti positivi, creando valore condiviso nella società e rigenerando la biosfera.

Diventano B Corp solo quelle aziende che misurano il loro impatto complessivo attraverso il Benefit Impact Assessment (BIA) superando il punteggio di 80 (in una scala da 0 a 200) ed entrando così in una élite di imprese **rigenerative**. Chi non supera questa soglia viene considerata **azienda estrattiva** ovvero per funzionare consuma risorse economiche, sociali e ambientali superiori di quanto sia in grado di generare come output.

## REGENERATIVE BUSINESS

An historical **cultural shift** is under way, of which we are proud to be a part. One of the underlying principles of all B Corps is the adoption of a regenerative business model as opposed to an extractive one.

Regenerating means not only reducing the impact of business on our surrounding nature and environment, but also producing **positive effects, creating shared value in society and regenerating the biosphere**.

Only those companies that measure their overall impact through the Benefit Impact Assessment (BIA) exceeding the score of 80 points can be certified as B Corp, joining an elite of **regenerative** companies. Anyone who does not exceed this threshold is considered an **extractive company** or, in order to function, they consume higher economic, social and environmental resources than they are able to generate as output.

## IL PUNTEGGIO DI FLORIM

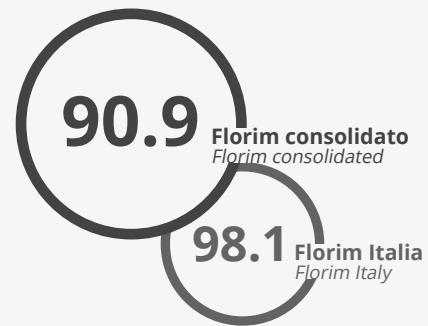

Il punteggio conseguito da Florim Italia è di 98,1 punti e il consolidato, che comprende la consociata americana, è di 90,9 punti. Così Florim rientra tra le migliori B Corp al mondo.

Solo il 3% delle aziende riesce a superare l'iter di verifica imposto da **B Lab**, ente certificatore di origine americana che oggi opera a livello globale.

## FLORIM'S SCORE

Florim Italia score is 98.1 points and the consolidated, which includes the American subsidiary, is 90.9 points. Florim is now one of the best B Corps throughout the world.

Only 3% of companies manage to pass the verification process implemented by **B Lab**, the US certifying body that currently operates on a global scale.

# CRAYONS

**Crayons**, il tema del colore approda anche al mondo delle superfici ceramiche in grande formato, otto tinte pastello pensate per dare vita a composizioni vivaci ed equilibrate, in armonia tra loro e con il contesto. Si passa dalle cromie polverose di chiara ispirazione anni Cinquanta del color latte, del tortora, del nocciola, del rosa, del giallo sbiadito e dell'azzurro cielo a quelle più decise del grigio polveroso e del verde muschio, tutte perfette per creare ambienti dallo stile retrò e dal carattere contemporaneo. Le superfici della collezione nascono sia per essere abbinate le une con le altre, sia per accompagnare le altre collezioni del brand.

# CRAYONS

**Crayons**, the world of large-size ceramic tiles welcomes colour: eight pastel shades designed to create vibrant and balanced compositions, in perfect accord with each other and with the surroundings. From dusty Fifties-inspired shades, such as milk, taupe, hazelnut, pink, straw and sky blue to bolder hues like dusty grey and moss green, all perfectly suited to creating environments with a retro vibe and a contemporary character. The surfaces in the collection may be combined together, as well as utilized in conjunction with the other collections by the same brand.

**Crayons**, le thème de la couleur aborde également le monde des surfaces céramiques grand format, huit teintes pastel conçues pour créer des compositions vives et équilibrées, en harmonie entre elles et avec le contexte. L'on passe ainsi des teintes poussiéreuses clairement inspirées par les années 50 comme les couleurs lait, tourterelle, noisette, rose, jaune fané et bleu ciel aux couleurs plus vives telles que gris poussiéreux et vert mousse, toutes parfaites pour créer des espaces au style rétro et au caractère contemporain. Les surfaces de la collection naissent ainsi pour se combiner les unes avec les autres mais aussi pour accompagner les autres collections de la marque.

**Crayons**, das Farbthema erreicht nun auch das Universum der Keramikoberflächen im Großformat mit acht Pastelltönen, die lebhafte und ausgewogene Zusammenstellungen ins Leben, ganz im Einklang untereinander und mit den Räumen. Die Palette reicht von den staubigen Farbtönen Milchweiß, Taubengrau, Haselnussbraun, Rosa, Blassgelb und Himmelblau, die eindeutig an die fünfziger Jahre erinnern, bis hin zu den kräftigeren Farben Staubgrau und Moosgrün, die sich alle für eine Raumgestaltung im zeitgenössischen Look und Retrostil perfekt eignen. Die Oberflächen der Kollektion können sowohl untereinander kombiniert als auch zusammen mit den anderen Kollektionen der Marke benutzt werden.

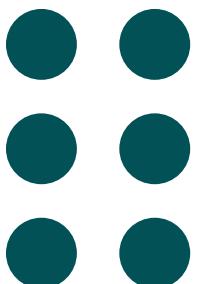

**Crayons**, el tema del color llega también al mundo de las superficies cerámicas en gran formato, ocho tonos pastel pensados para dar vida a composiciones vivaces y equilibradas, en armonía entre sí y con el contexto. Se pasa de los tonos polvorientos de clara inspiración años Cincuenta como el color leche, tórtola, avellana, rosa, amarillo claro y azul cielo a los más intensos del gris polvoriento y del verde musgo, todos perfectos para crear ambientes con un estilo retro y un carácter contemporáneo. Las superficies de la colección nacen para combinarse unas con otras y para acompañar a otras colecciones de la marca.
